Suggested readings for incoming LL.M. students:

*The U.S. Legal System*

The Law faculty expects that you will understand the basics of the American legal system and be prepared to read and brief cases before the start of law school classes. If you are unfamiliar with the U.S. legal system, we recommend you read *United States Department of State, Outline of the U.S. Legal System* (2004) especially the following:

1. Introduction and Chapter 1;
2. Chapter 2;
3. Chapter 3 through page 63;
4. Chapter 5 through page 96; and
5. Chapter 6 through page 131
